

# Pilot Cohort Implementation Timeline (1 page)

Typical 14-week cycle • adaptable to partner requirements

## Summary

- Weeks 1–2: Outreach, partner coordination, participant selection, and onboarding.
- Weeks 3–10: Cohort sessions (leadership development, entrepreneurship fundamentals, AI literacy & ethics).
- Weeks 11–12: Applied projects: participants implement community or venture milestones with mentor support.
- Weeks 13–14: Outcomes summary, learning review, and funder-ready reporting package.
- Ongoing: Continuous improvement between cohorts based on participant feedback and mentor insights.
